NO. 47

Bumper Corn Crop.

While this year we have raised the poorest corn crop probably ever grown in Powell county, the State upon the whole and the other states have this year produced a bumper crop. The Crop Reporting Board of the Bureau of Statistics of the United States Department of Agriculture reports the production of 104,750,000 in Kentucky during 1910. The average production per acre is placed at 28.6 bushels. This is considered a good yield. While 28 bushels per acre is considered a good yield the Department says the yield could be easily doubled by the proper selection of seed, scientific methods of cultivation and the proper rotation of crops where leguminous crops are grown for no less than two years out of three.

Well up With Work.

Most farmers are through gathering corn and many have killed their hogs. Such beautiful fall weather is rarely experienced and the ideal hog killing weather has enabled farmers to get completely up with their fall work. The many freezes have killed all the grass except where there is bluegrass so most farmers of the county are having to feed the same as in the winter time.

"The Big Pistol" is the name of a new paper at Campton. The paper is in a class to itself and anyone who knows Senator Benj. Sewell, its editor, may know its class. It is unique, original and Republican in politics.

Every Body Needs

a good salve and Dr. Bell's Antiseptic Salve is the best. It is a creamy snow white ointment. Guaranteed for all skin diseases. 25c sold everywhere.

No Excuse.

There are all sorts of excuses for losing a job, most of them poor; all or most of them old, so the following new one may prove of interest: After losing four positions within a year just because of her beauty, Mary Todd has left Washington and will try her fortune elsewhere. Miss Todd set out to be a stenographer. Her employer got mixed up in his dictation and included phrases that could not have been part of the correspondence. As a shop girl the floor walkers strolled too often near her counter. As a milliner she aroused the envy and jealousy of customers. However, this one instance of hard luck isn't going to result in any of the fair ones disfiguring their features or holding a hair auction.

Circuit Court Convened.

Circuit Court convened at Stanton Monday with Judge J. M. Benton on the bench and Commonwealths Attorney B. A. Grutcher prosecuting. There was a good crowd present and business was dispensed with quickly. The E. J. B. White, of Irvine, and G. B. Stamper, of Campton, were visiting attorneys.

Thanksgiving Services.

Thanksgiving services will be held at the Presbyterian church this morning at 10:30 o'clock. The Rev. J. E. Duggett, pastor of the church, will conduct the services. The singing service will also be a feature of the meeting.

Whooping Cough

It is an old saying that whooping cough must run its course but the use of Dr. Bell's Pine-Tar-Honey has demonstrated beyond doubt that such is not the case. It can be cured of this remedy.

Traveling Libraries.

The traveling libraries which have for a number of years been maintained by the women's clubs in the mountains of Kentucky will be thoroughly re-organized and turned over to the Kentucky Library Commission; new libraries will be added by purchase and it will be the aim of the Commission not only to continue the supply of traveling libraries in the mountains where they have been received with so much appreciation, but also to circulate them throughout the state among those who are without library facilities.

These traveling libraries will consist of fixed groups of fifty or more well selected books for general reading and study for adults, young people and children. They will be sent free of charge except the cost of transportation, and under such conditions and rules as shall protect the interests of the state and best increase the efficiency of the service.

Requests for information, for blanks for traveling libraries or books from the general loan collection should be addressed to the Library Commission, The Capitol, Frankfort, Kentucky.

Drop in Prices.

A press dispatch from Danville says: Fat hogs have taken a decided drop in Boyle county and the farmers, fearing still lower prices, are placing their swine on the market on a wholesale plan. J. L. Hutchins, a local dealer, bought 350 head of 300 pound hogs at \$6.65 per hundred. This is lowest price that fat hogs have sold for in Boyle county in many months. It is believed that there will be a steady drop in the price of cattle also.

Hogs in the Bluegrass belt have declined until they are now bringing but 64 cents. This is a considerable falling off within the past few months. Corn has also gone down until it is now selling at \$2. and \$2.25 per barrel delivered.

Prof. West French, of Irvine, is conducting a class in vocal music at the Vaughn's Mill Christian Church.

The driest period of the year is now existing, but it comes at a time in which no injury results.

A Valuable Gift.

To the first fifty subscribers, new or old, who pay their subscriptions a year in advance, we will give free of charge a year's subscription to the Southern Agriculturist, Nashville, Tenn., worth 50 cents.

We positively have only 50 subscriptions to this fine semi-monthly farm paper to dispose of in this way, and the first calls will get them. Do you want one?

Sample copies of the Southern Agriculturist may be had free of charge at our office.

Dr. C. B. Dickson, dentist from Ashland, will be at the Hotel this city Thursday, Friday and Saturday, November 24, 25 and 26, to practice his profession.

To Prevent Merger.

Attorneys representing the city of Paris and a large number of the wholesale merchants of Paris have filed suit against the L. & N. railroad to prevent the merger of that road and the Frankfort & Cincinnati railroad. The petition alleges that the city of Paris subscribed \$50,000 to help build the F. & C. which was formerly the Kentucky Midland and the subscription was made with the understanding and agreement that the new road was forever to be a competing line and should not be absorbed by any road leading into Paris.—Winchester Democrat.

A Suggestion.

The Times suggests that the citizens of Powell county living near the new bridge to be put at Lulbegrud get to work and make the fill to the butments and have it ready for travel soon as the bridge may be completed. This work can be better done now than after the bridge is up.

At the Eddyville penitentiary the electric appliances are being installed to be ready for the execution of the first one sentenced to death. There will be none installed at Frankfort as the penitentiary there is to be changed into a reformatory school.

Mrs. Luher Loving is visiting friends in Lexington this week.

Dr. Bell's Antiseptic Salve

is guaranteed for eczema, scabies, tetter, ringworm, running sores, chapped hands and lips, pimples on the face, black heads, barbers itch, sun burn, insect bites, fever sores and nasal catarrh. 25c

School of Journalism.

Eighteen States and two foreign countries are represented in the enrollment at the beginning of the academic year of the School of Journalism of the University of Missouri, at Columbia, Mo. The States from which students are enrolled are California, Florida, Georgia, Illinois, Indiana, Iowa, Kentucky, Mississippi, Missouri, Nebraska, New Jersey, New York, Ohio, Oklahoma, Pennsylvania, South Dakota, Texas, and Tennessee; and the foreign countries are Canada and China. The number of students shows an increase of twenty-five per cent over the total enrollment.

Miss Carrie Belle McPherson, of Winchester, is visiting Miss Grace Shimfessel.

Senator Bradley has appointed Representative Lillard, of Danville, Democrat, his private Secretary. Lillard is one of the four Democrats that voted for Bradley against Beckham and which elected Bradley. Lillard is a druggist at Danville, a local option town, and after he voted for Bradley engaged further in the drug business which to have later been a blind tiger from the number of fines, amounting to thousands of dollars, imposed upon him for selling liquor. The payment of these fines broke him up. The temperate Democrats and Prohibitionists that voted for this whiskey combination of Willson, Bradley & Co. can now blush with shame. But we told them so before hand.

President Taft said before he signed the present tariff bill that it was far from satisfactory but would sign it because it was the best possibly that could be gotten at that time. In the campaign he said it was the best tariff law ever enacted, and now he says there may possibly be some of the schedules too high. It seems that most of the people are agreeing with the President in his last views of the tariff.

Business failures in the United States for the week ending November 17 were 248 against 207 the week previous, an increase of 41 in one week. The Republicans will soon begin to lay all the failures on the Democratic party.

It seem that the saloons in this city will now get to sell until their license expire, and about that time we may expect a decision in our local option election contest.

There is but one probability of the electing a Republican President two years hence and that would be if Langley be nominated. He is the only one that can run any these days it seems.

Every time we are at the depot, and see trains go through, we wonder if half the travelers wouldn't be better off at home.

Instead of Langley calling on Teddy for help we think Teddy had better have called upon Langley.

One thing about Teddy he is the best lion hunter that ever crossed the water.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Care. Send for circulars free

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

In his case the mere protest of a member was sufficient to cause the Speaker to direct that Roberts stand aside. An investigation which followed resulted in an unfavorable report, and Roberts never became a full-fledged member.

"Some demands are said to be under contemplation advancing one of their members when the Kentucky delegation is called upon in the organization of the House to protest against the oath being administered to Powers. It will be in order for the Speaker to direct him to step aside and and for the House to investigate the charges that may be advanced as reason why he should not be allowed to take his seat. Just what form the charges will take, if any are made, has not been decided, but they will relate, it is said, to Powers' alleged participation in the assassination of Gov. Goebel, of Kentucky.

"Representative Ollie James, of Kentucky, who was an intense Goebel partisan, may, it is thought, take a hand in an anti-Powers crusade."
